

APPENDIX E-233 P

LOGISTICS REASSIGNMENT GAIN FILE (LRGF) INQUIRY

1. PURPOSE

This appendix is applicable to chapter 8 and describes the method for preparation of a LRGF Inquiry, DIC ZQB, appendix B-233. This document is prepared whenever it is necessary to obtain a printout of the LRGF. As a result of input of DIC ZQB, the requester will receive a LRGF Inquiry List, appendix F-86C, which is to be used by the requester for specific LRGF information.

2. APPENDICES USED IN THIS PROCESS

- a. Appendix A-32, Asset Transfer Status Codes.
- b. Appendix A-42, Action Codes.
- c. Appendix A-94, NIR Key Codes.
- d. Appendix B-233, Logistics Reassignment Gain File (LRGF) Inquiry.
- e. Appendix F-86C, LR Gain File Listing (Inquiry).

3. RESPONSIBLE ORGANIZATIONAL ELEMENTS

The Logistics Reassignment Monitor and the individual item managers will normally be responsible for the preparation of the LRGF inquiries.

4. PROCEDURES/INSTRUCTIONS

a. Processing personnel will determine the need for an inquiry to the LRGF in the course of day-to-day processing actions.

b. When it is determined that an inquiry is required, prepare the LRGF Inquiry in the format of appendix B-233. Selection of the appropriate action code will be made IAW appendix A-42. Forward inquiry through the data entry facility to OTIS/IPC for processing.

c. The LRGF Inquiry Listing will contain data pertaining to the Logistics Reassignment documents as defined in appendix F-86C and will be used for informational purposes by the recipient.

d. Error messages that may be output in lieu of the LRGF Listing are:

ERROR
MESSAGE

REASON

No Matching LRGF Record

There are no LRGF records for the specific inquiry key.

Invalid Action Code

The Action Code is other than CC, CG, CJ, CM, or CN.

ERROR
MESSAGE

ZQB Table Exceeds 10 Records
